

Testimonial

"I am delighted with the response from the advert we placed. We never thought about using the Express before and when we did we received 20 fantastic Enquires and will definitely use The Express again."

"If we could only use one title it would be the Express. You can see the quality of the cruise section by the volume of advertisers using it. We always receive a very positive response and will definitely continue to use it on a weekly basis with multiple inserts."

Media Planner Buyer

"We have advertised across the Express Titles since 2003 in both National & Scotland. We find the titles to be of excellent value and provide a good response. The service I receive is unparalleled and I would happily recommend the Daily & Sunday Express."
